

CELL PLUS SERUM

Adjuvant in cellulite treatment

Bottle 200 ml

Cod. 10302

CHARACTERISTICS

Fluid gel

ACTIVE PRINCIPLES

**EXTRACT FUCUS, CAFFEINE,
EXTRACT CITRUS AURANTIUM AMARA,
GUARANA '**

TREATMENT

Adjunct in the treatment of cellulite, firming.

Fluid gel with Fucus Extract, Caffeine Extract, Citrus Auratium bitter and Guarana, adjuvant in cellulite treatment.

Ultra-practical and super effective, it applies and absorbs quickly, leaving skin toned, compact and smooth.

Formulated to optimize the activity of the ultrasound equipments.

To obtain positive results is therefore recommended to use, in this treatment, only CELL PLUS Serum and not other products.

Apply the product directly on the skin, on the areas of application of the device electrodes.

Do not use on broken skin or congested.
