

# CLEANING SOLUTION

**activator treatment to distilled  
of Tiglio and Hamamelis**

 Bottle 200 ml

Cod. 10401

## CHARACTERISTICS

Slightly active surfactant fluid,  
its characteristic amber color.

## ACTIVE PRINCIPLES

**DISTILLED WATER TO:  
HAMAMELIS, LINDEN,  
CORNFLOWER,  
BOARDS, OAK ROOTS,  
PANTHENOL**

## TREATMENT

**Decongestant, soothing, softening, normalizing.**

It is an indispensable solution to remove and restrain the action of Dolce after facial and body treatments.

Gently remove the acid Dolce, using gauze previously soaked in detergent solution.

IT IS RECOMMENDED USE OF LATEX GLOVES TO AVOID CONTACT WITH ACID SWEET, PREVIOUSLY USED.

**It promotes the action of the products applied in the later stages of treatment.**

Essential complement to treat the facial skin and body when it needs a specific cleansing after application of masks or products to be removed.

Spraying the emulsion on the part to be cleaned, remove with the wipes.
