

CLEAN ACTION

Make up remover at pH isolacrimale

Bottle 100 ml

Cod. 10115

CHARACTERISTICS Soluzione a PH isolacrimale

ACTIVE PRINCIPLES **BUFFER BORATE PH ISOLACRIMALE,
EXTRACT OF ALTEA,
CALENDULA EXTRACT,
CHAMOMILE EXTRACT,
WITCH HAZEL EXTRACT**

TREATMENT **PH isolacrimale Solution and active ingredients selected for the eye area.**

It removes all traces of makeup without leaving impurities. It is particularly delicate in its cleansing action. It removes all types of make-up and is particularly suitable for wearers of contact lenses that often accuse increased eye sensitivity.

Apply directly to a floppy disk or a make-up remover cotton pad and go gently on the eyes and on the areas to remove make-up.

SHAKE THE PRODUCT BEFORE USE.
