

CLEANING EMULSION

Face fluid remineralising treatment
with essential trace elements

 Bottle 250 ml

Cod. 10101

CHARACTERISTICS Gel milk to physiological pH.

ACTIVE PRINCIPLES PANTHENOL, VITAMINS E+ F,
ESSENTIAL TRACE ELEMENTS,
EXTRACT OF PINEAPPLE AND BANANA

TREATMENT **Cleansing, emollient, moisturizing, softening.**
It removes the make –up delicately and perfectly, **It removes every impurity trace.**
It develops a moisturizing and emollient action; it keeps the skin soft, elastic and luminous.
It is suitable for all the skins, also the most sensitive. Apply on the zones to clean(face and neck) and massage with circular movements. Complete the cleaning's operation with Acqua Tonica.
